CRPDE @ the Library

CRPDE is heading to the OU Library in the Digital Scholarship Lab, Lower Level 1. Workshops are scheduled every other Thursday at 1pm; topics include Research Tools (9/10), Sequencing Research Development (9/24), Balancing Time for Teaching, Research, Service and Personal Life (10/8), Internal Funding and Limited Submissions (10/22), Mission-Driven Scholarship (11/5), and Distinguishing One’s Scholarship (11/19). We will also be at the same location providing consultation on alternating Wednesdays at 9-11a and Thursdays 1-3p. For more information and to download a flyer: crpde.ou.edu/library

Wanted: Federal Lab Experience

Have you worked in or collaborated with a federal laboratory? We would like to discuss your experiences with federal labs. Please contact Marilyn Korhonen for more information (mkorhonen@ou.edu)

Individualized Research Plans (iRep)

The iRep Workshop kicks off again this fall with a hands-on approach to research planning and development for faculty members who have been at the University of Oklahoma (OU) for three years or less. During the
NSF CAREER
Congrats and spring workshop!

CRPDE would like to congratulate last year's recipients of the prestigious National Science Foundation CAREER Awards: Marc Libault, Botany & Microbiology for Exploring the Transcriptional Regulatory Networks Controlling the Early Stages of Legume Nodulation; JP Masly, Botany & Microbiology for Genetic and Developmental Dissection of Rapidly Evolving Morphology; and Jun Li, Chemistry & Biochemistry for Genetic and Molecular Mechanisms of Parasite Infection in Insects.

Interested in applying for an NSF CAREER award? We will be hosting another CAREER workshop series this coming spring. Contact us (crpde@ou.edu) to be sent a notification once the dates have been set.

Curated Funding Lists in Pivot

Did you know we often create curated lists of funding opportunities in Pivot? Pivot is a funding opportunity database available to

90 minute sessions, we discuss resources available to faculty and strategies for developing research agendas. We also demonstrate how to use Pivot for funding searches and have tools and templates that may be helpful to new faculty. We are happy to accommodate specific small groups (contact Cindy Clark at cgclark@ou.edu), or individuals are welcome to sign up for existing workshops at http://crpde.ou.edu/workshops.

New:
Postdoctoral Advisory Committee

Do you work with postdocs? Are you interested in helping OU support postdocs? The Postdoc Advisory Committee is being formed and needs broad representation from across the campus, including faculty and postdocs. For more information or to express interest, contact Quyen Wickham (qwickham@ou.edu).

Faculty Investment Program

The Faculty Investment Program (FIP), through the Research Council
all faculty. We select opportunities around topic areas that would be a good match for faculty at OU. Look for the Curated Lists link in the left column from your Pivot homepage. For additional guidance on using Pivot, see our webpage: http://crpde.ou.edu/pivot.

Council, provides funding on a competitive basis to develop and expand the scholarly activities of Norman and Norman Campus Programs at OU-Tulsa. The maximum award is $15k, and proposals are accepted on a monthly basis, August through April. We will be hosting a FIP Reality Check Meeting 9/14 in Zarrow Hall (registration: http://crpde.ou.edu/node/1492). For more information about FIP: https://vpr-norman.ou.edu/research-council/funding/fip.
